

County Hotel Chelmsford

Contributed by

Top Draw are proud to announce the launch of the new County Hotel Website. We were asked to improve their previous site providing a greater functionality for users on the site and bringing the style of the site up to date with a new fresh look. Having the County within our portfolio is a point of pride for Top Draw Media since this is one of Essex's flagship hotels and we didn't have any hotels within our portfolio prior to this. We have developed an excellent relationship with The County and as Karen Loftus says "You're all so helpful, much appreciated." After launching the site we were invited down for a slap up meal courtesy of the County which was enjoyed by all. We're hoping to get invited back sometime soon (their steak is out of this world if you're a beef addict like me!!!), thanks to Karen and all at the County Hotel.www.countyhotelchelmsford.co.uk
